

Specialist Engineering Products

Speciality Cutting Fluid

- Our own, well proven formulation
- Can be used on all metals, and is particularly useful on titanium, aluminium and other alloys
- Especially good for sized holes in aluminium
- Useful in preventing pick-up when punching small & intricate items
- Available in Aerosol or in bulk

FDS1

- An excellent, easy-to-use, Fast Drying Solvent for degreasing & even label removing
- It will not corrode metals or alloys & is safe on plastics
- Has 'dry' de-watering properties, leaving item film-free
- Is available as an aerosol or in bulk in a refillable solvent-resistant pressurised sprayer

Morris Oils, Lubricants, Coolants & Greases

- We are agents for a full range of high-quality Morris Oils, lubricants, engineering coolants and greases (approx. 500 product lines)

CB 50

- Multi-use machine shop product
- Contains highly effective twin biocide/algaecide package for system cleaning of machine-tool sumps
- Floor & machine paint-work cleaner
- Especially good for safety flooring, which is notoriously difficult to get clean

Other Engineering Product Areas

MCT Liquid & Paste -

Thickened extreme pressure metal cutting fluid for all overhead, hand-operated machining operations. Will assist with drilling, cutting, reaming, threading, tapping and thread-rolling

De-watering Fluids

A range of applications e.g. products with outside storage of 2 years; products that leave a soft, oily film giving corrosion protection under indoor storage conditions; and non-film 'dry' de-watering fluids

Ultrasonic Cleaners -

Excellent on aluminium, holds gunk in suspension, easy to use and not expensive. Product range & background methodology available.

De-greasers -

A wide variety of water-based & solvent products (air-drying & emulsifiable) are available. 25 years of customer feedback will ensure selection of the best product for your application. Just phone!

Tapping Fluids -

Available as both hand-tapping fluid and low viscosity tapping fluid for deep hole tapping.

Cleanaway -

A very good floor cleaner, which can remove nicotine from paintwork. Is an ideal cleaner for machine paint-work prior to re-painting.

Vehicle Cleaners -

Pressure-wash and hand-applied vehicle cleaners; Glass, dashboard and alloy wheel products; Fuel additives, esp. for diesel vehicles

Primers & Paints -

2-pack epoxy paints & industrial floor paints (Leigh's) Epoxy coatings. Zinc primer including weld-through

Hygiene Products -

Hand cleansers, including plain soap, biocidal hand cleansers, 'gritty' types, water-less, pumice & 'alcohol', as well as no-wipe, air-drying sanitizers

Our experience allows us to offer a range of technical advice. Our network of experts forms a data source that we can call on to ensure you always get the best solution. Apart from the above products, we also stock about 800 products in house but have access to over 20,000 products.

For details or prices on any of the above products - just give us a call!
